

# GREECE

The Reliable ITU Member

157-YEAR MEMBERSHIP

Candidate for the International Telecommunication Union

**COUNCIL MEMBER**

Region B (Western Europe)

Period: 2023-2026

**HELLENIC REPUBLIC**

Ministry of Digital Governance

## A FOUNDING MEMBER OF ITU

Greece is a founding member of ITU and has been elected as a member of the Council the last three consecutive periods, in 2010, 2014 and 2018. Based on our commitment to contribute to the work of ITU, the Hellenic Republic will present again her candidacy to the ITU Council in the upcoming elections of PP22 for Region B (Western Europe).

This commitment is reflected by our proactive participation in all sectors of the Union and our strong support in the strategic goals of ITU, as a leading UN agency for telecommunications.

Greece recognizes the importance of telecommunications and ICTs, so as to achieve the Sustainable Developments Goals of Agenda 2030 of the United Nations. Consequently, we have created the institutional framework that will accelerate digital transformation of our societies to pave the way for sustainable growth.

## COMMITMENT TO ITU

- Host major ITU Conferences and events
- Provide expertise in the work of the Union
- Contribute constructively towards meeting ITU's goals, by preserving the interests of the Member States.
- Support ITU initiatives on Smart Sustainable Cities
- Support ITU initiatives on Child on Protection
- Strengthen Regional presence and implement ITU Regional initiatives
- Contribute to the standardization work of ITU-T in the Study Groups
- Consistent with the ITU-R broadcasting, mobile and satellite coordination procedures in order to achieve effective and efficient use of radiospectrum and the operation of all systems on a non-interference basis.

## MINISTER'S MESSAGE

*Reaffirming our dedication and strong commitment to bridge the digital gap and supporting ITU's position in the United Nations, Greece will strongly contribute to the work of the Union through Council membership so as to promote ITU's global leadership in the sector of Telecommunications.*

*The support of the Member States on Greece's candidature in the ITU Council for the next four years at the elections of PP22 in Bucharest Romania, will give us the opportunity to implement our goals and vision.*
